## REPORT ON TREE PLANTATION DRIVE

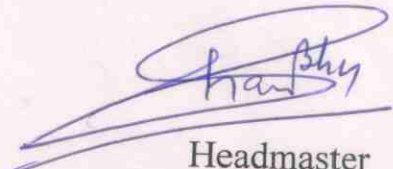

### (Van Mahotsav)

As directed by DOE, Sant Nagpal Public School, Chhattarpur, celebrated 'VAN MAHOTSAVA' in the school premises today i.e. on 14th August 2020. The Manager, Headmaster and few teachers participated in the tree plantation drive along with few students. Everyone who were present in this drive followed the guidelines issued by the government regarding COVID - 19. About 50 saplings were collected from the nursery being run by Forest Department, GNCT of Delhi.

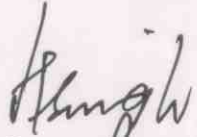

First saplings were planted and then teachers watered the plants. Such plantation drives are of great value and helped to make the school premises cleaner and greener. This programme was organized with lot of sincerity and seriousness. The main aim of this drive was to spread and create awareness to protect the environment from degrading.

At the end of the programme there was a photo session.
